Gary

No problem, I have been looking at and I agree it would be better to wait until it is consolidated in a more user friendly format.

Brian:

I would like to wait until your contractor puts the data in tables.

Thanks

Gary

I have received all of the un-validated data from the Sep sampling event at the Falcon Refinery Site. Would you like for me to forward it to you or would you prefer to wait for the validated data? I would be happy to discuss what I saw at the site if you would like to.

Thanks
